

Stephen McCune

Upholstery

One stop shop for all aspects of furniture and upholstery.

Made-to-Order Furniture

Made-to-Order Furniture may range from a single chair, to a set of matched pieces, to a custom built-in piece. Stephen McCune Upholstery is your personal guide for designing a lasting and beautiful piece.

The simplified process we will guide you through:

Choose a Frame

Begin by browsing our manufacturer sites

Add Styling elements like arms, legs

Select Springs

Select level of Padding

Select a Fabric

Browse our manufacturer links

However, first, we need to know your style and design preferences and where the piece will go in the home. If you browse the frame manufacturer links, get an idea of what you like, then take a look at fabric manufacturer links and pre-select a range of colors, that will provide a great start. Next is a visit to our showroom. Look under Contacts and email a request or call for an appointment.
